

Service Unit Manager (SUM)

You're the constant; the "go-to"; the person who connects leaders with one another and is the main point person for council. You get things done, and are naturally a problem solver with a big heart and a can-do attitude.

- Coordinates and directs the goals set with council for the service unit
- Coordinates trainings and workshops through council as needed
- Plans and leads regular meetings (once a month or every six weeks) for all volunteers within the service unit
- Leads the service unit through the Girl Scout Leadership Experience, including providing events for the girls within your community
